NEWARK SCHOOL PLAYFIELDS — The Newark School recently completed a $39,000 expansion program for its playground facilities, which will also be used this summer by the newly-formed Newark Recreation District. In top photo, children in the intermediate play area swing from giant rings and horizontal bars, while below, new school buildings rise behind bicycle racks, and upper-grade basketball courts. Other facilities include paddle-tennis or handball courts, tetherball facilities, slides, swings and climbing towers. Smaller tots have an enclosed play-yard of their own. (Register Photos)

Local Guardsmen Go to Rugged Recruit School

(Special to The Register)

CAMP HUNTER LIGGETT — Nine Township youths this week were undergoing a blitzkreig course in how to become a soldier at National Guard summer camp on this military reservation in the rugged Santa Lucia Mountains, west of King City.

The nine young men comprise the nucleus of "C" Battery, 629th Field Artillery, which will occupy an armory near Centerville August 1.

Meantime the recruits are learning to drill, march, and fire Garand rifles in what their division commander, Maj. Gen. Curtiss O'Sullivan, calls the toughest and most condensed five-day school his veteran officers could devise.

The nine are: Bob Lunsford, Allan Olk, brothers Tom and Bob O'Bryant, Richard Fragulia and Joe Wiltz of Newark; Gary Allegre of Niles, Ray Ruiz of Hillview Crest, and John Perez of Irvington.

All of them, with the exception of Lunsford, left the Township Saturday night in a swift-moving truck convoy. Lunsford, who graduated Sunday afternoon from Washington Hi, had special permission to arrive late Sunday. By Sunday night, all nine were hard at work learning military fundamentals at Camp Hunter Liggett.

As members of the Guard, the youths are draft-exempt so long as they remain in good standing. Meantime they study and practice Army skills one night a week and two weeks during the summer. For this, they get full Army pay —plus realistic, full Army training in defense and offense should an emergency arise.

All will be home June 28. So will more than 6000 other young part-time soldiers from Northern California who are taking part in the annual maneuver staged by the 49th National Guard Division.

This year the artillery, of which the local boys are members, is camped along the San Antonio River. A huge swimming pool has been dredged in the stream, and other recreation is planned for the recruits' off-hours.

Next Saturday Governor Earl Warren will review the division. Guests of the 629th for the day will be several Township dignitaries, including Maurice B. Marks, president of the Township Chamber of Commerce; Romeo Brunelli, Centerville Chamber prexy, and C. Walter Chrysler, Niles Chamber head.

4000 New Homes Planned; Most Await 'Looser' Loans to Buyers

Four thousand more homes are planned for Washington Township, builders announced this week—but actual construction will be delayed until present financing troubles are ironed out.

The tracts include:

1. One of 3500 homes "under $9500" by Stanley M. Davis just north of Irvington on both sides of Highway 17. Plans include a big shopping center.

2. A 300-home subdivision on both sides of Central Avenue between Blacow and Glenmoor Drive, projected "in the $11,000" class by Alameda Homes Corp. of San Lorenzo.

3. One hundred $13,000 homes on Olive Avenue, Irvington, to be built by Sunny Acres Development Co. of Orinda.

Davis is quoted as saying that land on which to build the 3500-home subdivision is under option from the Stevenson family. However, construction awaits solution of the present "tight-money" home-loan situation, he added.

Meantime, Union Sanitary District directors authorized a $26,000 expansion program which gives the go-head to several tracts planned for the Newark area.

Meeting last week, the board called for bids for (1) extension of sewer lines on Laurel Street, along Railroad Avenue, (2) from Walnut Street to George Street, and (3) an additional pump for the present treatment plant. Bids must be in by July 1.

The improvements are expected to ease overloads so that work can proceed on (1) the 300-home Smith-Peters tract on Dairy Avenue, (2) a 100-home tract on the Wales Ranch, planned by Rainier Construction Co., and (3) the proposed 2500-home Leonardo development on the Patterson Ranch.

Jack Prouty, on whose land the Sunny Acres development will be built, disclosed a model home will be started next week. The Alameda Homes tract near Centerville will have its model home complete in three weeks, officials said.

Overwhelming Margin Of 167-15 in Niles

Voters in Niles School District Tuesday approved by an overwhelming margin of 167 to 15 a $150,000 bond issue, plus a possible $610,000 in State aid to build a second school.

This will permit construction of a 13-classroom school east of Ellsworth Orchard which will provide education east of the highway for an estimated 500 children and relieve the overcrowding and double sessions at the present school, now housing 700 pupils. Only $69,000 in bonds are to be sold now.

According to E. Dixon Bristow, superintendent of Niles School District, the district is now awaiting action of the finance department of the Allocation Board. Although the district has asked for the $610,000 in State aid, it expects only $400,000, the estimated cost of the new school.

Centerville residents will go to the polls Wednesday to consider a $169,000 bond issue and acceptance of $395,000 in State subsidies. Trustee Allen G. Norris explained the money is needed to (1) build six classrooms and a cafeteria-auditorium at the Thornton Avenue School, (2) improve the South Main Street school, and (3) start a third building in Glenmoor Gardens, where some 1400 new homes are projected.

Only $77,000 in bonds could be sold at once, Norris added. The balance would be kept in reserve for use as assessed values increase. Of the $77,000, $35,000 must be used to match $165,000 in State aid already approved.

MAN OF HIS WORD ENTERS GUILTY PLEA

Henry Bier, 37, Niles Canyon park operator, has pleaded guilty in Superior Court to the shooting of his wife and asked for probation.

He entered the plea Tuesday to assault with a deadly weapon, an offense included within the original charge of assault with intent to commit murder.

The deputy district attorney indicated that after a thorough investigation of the case the plea was acceptable and Judge O. D. Hamlin Jr. referred the case to the probation officer and set July 7 for sentence.

Bier shot his wife in the neck on May 8 at their home, after he and one of their eight children had been firing the gun in the rear yard.

Mrs. Thelma May Bier, 38, told police her husband called to her from the kitchen: "Honey, come in here; I want to shoot you."

Bier told police the shooting was accidental.

ANNUAL ST. JOHN'S FETE AT NEWARK

Annual St. John's celebration for the building fund of St. Edward's Church, Newark, at the Newark Pavilion, will start with a dance this Saturday night, beginning at 9 p.m., featuring the music of the Pinto Brothers.

There will be a full line of entertainment on Sunday, June 21. There will again be dancing to the music of the Pinto Brothers. The sopas barbecue will begin at 12 noon, followed by the auctions.

Admission to the grounds also entitles one to dance. There will be a small charge for the sopas barbecue, with children under 12, accompanied by their parents, free. The grounds Sunday will be open at 10 a.m.

The public is invited to attend. The statue of St. John will be enthroned in the Capello Room during the celebration.

Joint Secretary Issue Opposed by Centerville C.C.

Centerville Chamber of Commerce unanimously opposed the joint secretary plan for the Washington Township Chamber of Commerce and Supervisor Chester E. Stanley, at their Monday noon meeting after hearing a report from a committee headed by Dr. E. M. Grimmer Jr. The committee also suggested the Township Chamber establish an answering and information service and have in addition a field secretary available to contact industries interested in this locality. This was endorsed by the Chamber.fl

The issue will be voted on at the June 22 meeting of hte Washington Township Chamber meeting.

It was also learned that the main street four-lane striping will be allowed to wear off, or "fade away." This was the answer to a letter written by Chamber Secretary LeRoy Broun to the California Division of Highways, asking that they replace the present highway stripes with two-lane striping as a move to reduce traffice hazard in the business section.

A letter from W. A. Cobb, assistant district engineer, read at Monday's chamber meeting, stated in part that "speeding will not be cured by revising the traffic striping. However, in view of your request, the dashed stripes between Central Avenue and Center Avenue (on Main Street) will be allowed to wear off and will not be repainted."

Cobb's letter further pointed out that the present traffic striping is "standard and typical of many other similar locations

NEWARK SUMMER PROGRAM ASSURED

A summer recreation program in Newark appears a certainty due to the generosity of local organizations.

At a special meeting called by the Board of Trustees of the Recreation District June 10, Richard Texera, president of the Newark Youth Center Association, revealed his organization would give $400. It was the Association's original donation of $400 that has kept the recreation program going to date.

Mrs. Frank Gygax stated that the Women's Improvement Club will give $100. Mrs. Earl Willburn stated that the PTA will sponsor Homer Snow's Animal Show on June 26 at the school auditorium, the proceeds to go to the Recreation District.

Maurice Marks, chairman of the Township Community Chest, reported that Newark has never applied to that organization for funds for any reason and that there may be funds forthcoming for the recreation district if necessary. Sophie of Sophie's Restaurant, Oakland, gave $5; and a letter

'SPOTTER' POSTS FOR NILES, NEWARK?

The U. S. Air Force wants to place a ground-observer post in Niles and revive the defunct "spotter" post in Newark.

This was disclosed today by T/Sgt. Thomas Lee, field supervisor for establishment of such posts in the Bay Area.

Sgt. Lee announced Gerald Brunner, 102 Linda Drive, Niles, recently-discharged Air Force veteran, will be temporary head of the organization in Niles. Brunner is employed at Pacific States Steel Corp.

Brunner's first job will be to recruit volunteers to man the post on a 24-hour basis, if possible. Tentative site has been selected at the County Maintenance Yard on Fremont Avenue, he said.

No supervisor or site has been picked at Newark. An observer post there lapsed last fall when volunteers' interest waned.

A meeting will be held next Tuesday with the Niles Chamber of Commerce in an effort to win businessmens' support for the Niles post, Brunner added.

A network of such posts has been termed 'an urgent necessity" by Air Force officials. They fill gaps between military radar nets, and pick up low-flying planes.

If sufficient volunteers are obtained, nobody will have to work more than a short shift at the station, Sgt. Lee explained.

Interested persons are urged to contact Brunner at his home, or to see Bain Leask at Leask's Grocery on Fremont Avenue.

WASHINGTON HI TO HIRE 7 TEACHERS

Seven new teachers for Washington Union High School have been announced by J. V. Goold, district superintendent.

They are: H. John Wittwer, San Jose State College, social studies; Miss Shirley Weller, University of California and San Jose, English; Milton Seibert, San Jose, science; Robert Osborn, San Jose, physical education; Harold Johnson of Williams, Calif., physical education and shop; Barney Bragg of Niles, San Jose State, commerce; William E. Graves, San Francisco State College, English.

School board of trustee members met with architects June 13 to study preliminary plans for the new school additions.

LOCAL CROP DUSTER DIES IN CRASH

George E. Ball, 32, died instantly Saturday morning when his plane crashed while crop dusting on the Bailey Ranch in Centerville.

He was a native of South Dakota, a veteran of World War II, and is survived by his widow, Ella Mae, and a son, Dennis, 11. The family had purchased a new home at 732 Cherry Road, Newark, and had moved here from Vallejo only a week ago. Mr. Ball was a partner in the Davis Agricultural Flying Service of Concord and had been operating from the Centerville Airport for about a year.

Funeral services were held yesterday from Chapel of the Palms, Centerville, with Rev. Arthur Freeman officiating. Burial was at Golden Gate National Cemetery.

WITH 2d DIVISION

Pvt. Frank A. Nunes, whose wife, Bettie, lives in Niles, is now serving in Korea with the 2d Infantry Division. Nunes entered the Army last November and received his basic training at Camp Roberts.

In civilian life he was employed by the Leslie Salt Co. of Newark. His parents, Mr. and Mrs. Al- His parents, Mr. and Mrs. Alfred Nunes, live in Centerville.

When we came to the West, we found out...
Gas and electricity are cheap in California
say the John Brodas, of San Jose

How P. G. and E.'s low rates save the Brodas money

In their comfortable San Jose home, the Brodas use these appliances to make life more pleasant:

The Brodas' P.G. and E. bill (recent month) $8.57
In their former home the same amount of electricity and gas would cost . . $16.02

In 1951, when they came to California, the Brodas discovered the low cost of gas and electricity here. Like many other newcomers, they pay far less for these utilities than in their former home. Actually P. G. and E. rates are lower than in 1938. Let this bargain gas and electricity lighten *your* work, add to your leisure.

BEARCATS LOSE TO SAN CARLOS, 11-7

By TONY ROGERS

The Bearcat Baseball Club traveled to San Carlos Sunday and were whipped by the San Carlos Greys, 11 to 7.

Garry Silveria started for Centerville, but was unable to retire the side after facing six batters. He allowed four runs on three hits and two walks before John Garcia relieved him. Garcia also was unable to keep the Greys from scoring, so he yielded to Frank Romero in the second, with no outs and four more runs chalked up on three hits and three walks. Romero finished the game allowing three runs on eight hits and three walks. He fanned seven.

The Greys used three hurlers too. Griggs pitched four innings, fanning three, walking four, and allowing two runs on three hits. Lampson, the winning pitcher, struck out two and walked two, while letting the 'Cats score three runs on three hits. Amaza, the final hurler, fanned four, walked two and had two runs scored on three hits.

The Bearcats tallied one run in each of the first three innings, and another in the eighth. Their biggest inning was the fifth when three men scored on two hits and two walks, and three errors.

Next Sunday's game will be at Centerville against the Willi Oilers.

V.F.W. WINS FROM CALIF. POTTERY

The Veterans of Foreign Wars unleashed an 11-hit attack Monday night as they trounced the California Pottery sofetball team 13 to 3. The game was called at the end of five frames.

Righ Hander Ted Garcia of the Vets racked up his fourth straight win, as he fanned six and issued only one base on balk.

Mel Alameda homered and doubled for the Vets while Norv Peixotto and Garcia also doubled, and Harold Alameda picked up a three-bagger.

Jess Pineda, left fielder, homered for the losers.

L & V BLANKS CAL POTTERY TEN, 3-0

Right Hander Lee Fells pitched a two-hit shutout last Wednesday, June 10, as the L & V softballers blanked California Pottery 3-0.

The L & V Club picked up their first two in the initial frame on Left Fielder Joe Gongale's single with runners on second and third.

Their final tally came in the fifth on an error, by Johnny Rodrigues, and a sacrifice.

Telles was never in trouble as he struck out seven and walked only two. Mike Pastorello took the loss.

Rodrigues paced the victory with two hits in three trips.

VFW TAKES LEAD IN SOFTBALL PLAY

The Veterans of Foreign Wars team moved into first place all alone in the Washington Township Softball League last Thursday when they edged the U. S. Pipemen, 5-3. The Vets now have a 3-0 mark in league play.

The Pipemen opened up their scoring in the first stanza, as Third Baseman Joe Salvador tripled in Mervin Perry, who had singled ahead of him.

The Vets also picked up one in the first on an error and singles by Mel Alameda and Stan Roderick.

The Vets took a 2-1 lead in the second stanza, but the Pipemen rallied in the third to take a 3-2 lead.

The VFW put the game on ice in the fifth. Singles by Don Lemos, Roderick and Herb Strub were the big blows in the inning.

Ted Garcia, ace chucker for the Vets, registered his third win of the season, as he struck out seven and walked one.

Pipes' Joe Sanchez suffered his first set-back.

Roderick paced the victors with three safeties in as many tries.

NEWARK SUMMER PROGRAM ASSURED

(Continued from Page 1)

was read from Mr. and Mrs. M. J. LaCombe of the Maple Roller Rink, Irvington, saying they would be glad to cooperate with the district for a fund-raising event.

The Knights of Pythias offered to stage a benefit, although their present funds are needed for the Model Busters which they sponsor, as well as the youth camp they maintain in the Sierra Mountains.

Mr. Texera said that he would contact local industries who have always given generously to the annual carnival, usually held in May, in hopes that they would be willing to donate to the recreation program instead. A total of $1000 is needed to carry the program through the summer.

Present at the meeting were Mrs. David Rice, Mrs. Frank Gygax, Robert Lamp, Mrs. Eugene Carroll, Mr. and Mrs. Earl Willburn, Alex DeKnoop, Ray Bernardo, Mrs. Marty Sammon, Jud Taylor and Mrs. Lawrence Costa. Regular meeting of the Recreation trustees will be held June 18, at 8 p.m. at the Youth Center.

Summer hours for the playground are from 11 a.m. to 7 p.m. The playground is for school age children. Preschool children should be accompanied by an adult. If there is any change in time, parents will be notified.

CEREBRAL PALSY TELETHON

At the same time that the Cerebral Palsy Telethon is going on at the Oakland Auditorium, ladies from Washington Township will be helping in their own communities. Mrs. Mary Cardoza of Decoto, Mrs. Mary Rodrigues of Centerville, Mrs. Edith Harklehead of Hillview Crest, Mrs. Evelyn Rose of Warm Springs, and Mrs. Lois Bottenberg of Mission San Jose will make their appeals for funds, the evenings of June 26 and 27.

STUDENT EXPLAINS DANES TO ROTARY

Denmark is a country where:

—people eat four open-face sandwiches for lunch every day.

—one restaurant carries 177 varieties of these sandwiches.

—a special school program brings culture to farm folks.

—more than half the farm produce, including 85 per cent of the butter, is exported.

—the Nazi occupation united the country as it had never been united before.

These observations were delivered last week to the Niles Rotary Club by Flemming Jensen, Danish exchange student who is studying at Stanford on a Rotary International scholarship. He is one of 469 young men and women who have won such scholarships since they were established in 1947.

The Social Democrat party is the strongest bulwark of labor against Communism," the speaker declared. "It is also the biggest party in our country."

He said Denmark has a compulsory medical-insurance plan which permits citizens to visit the dentist twice a year at a total cost of $1.40. Jensen concluded, in a speech to the club's Rotaryann luncheon in the International Kitchen:

"One of the things that keps us apart is that they know so little about each other. Through Rotary Fellowships, we come to know each other better."

MARINE ON LEAVE

Pfc. Edward C. Sisneroz is now spending a 10-day leave with his parents, Mr. and Mrs. Adolph Sisneroz of 622 Sixth Street, Decoto.

Pfc. Sisneroz enlisted in the Marines through the San Leandro recruiting station and transferred to Marine Recruit Depot, San Diego, for nine weks' recruit training. Upon completian of his ten-day leave he will report to Marine Supply Depot, Barstow, California, where he will perform duties in the Post Exchange.

C'VILLE OPPOSES JOINT SECRETARY

(Continued from Page 1)

throughout the state . . . most local authorities definitely favor 4-lane striping as a means of facilitating the flow of traffic. The method of placing traffic stripes on a street . . . should have no effect on vehicular speeds. The highway through Centerville is posted for a 25-mile per hour speed limit and if speeding is a problem it should be referred to the Highway Patrol. Speeding will not be cured by revising the traffic striping."

So—it will be just a matter of time, depending on wind and weather, and the wear and tear of vehicular and foot traffic, till Main Street becomes a one-stripe affair.

"The double stripe down the center of the street will, of course, remain and will be maintained," the Division of Highways decrees.

President Romeo Brunelli announced that free tickets for reserved seats for the Alameda County Centennial Cavalcade at Pleasanton on June 27, are available to Centerville residents at the office of Louis Cardoza, 111 South Main Street.

Niles, Newark Discuss Joint Secretary Issue

The main discussion at Tuesday's Niles Chamber of Commerce meeting was still the "joint secretary" plan. Chester E. Stanley has offered to share a secretary with the Washington Township Chamber of Commerce, each paying $150 per month salary, and it has been a subject of much debate. According to Vernon Ellsworth, chamber secretary, delegates were instructed to use their own discretion when the matter is voted upon at the June 22 meeting of the Township Chamber.

Secretary Ellsworth also announced he has available at his office 200 free reserved seat tickets for the Cavalcade for the night of June 27 at the County Fair in Pleasanton. These tickets from the Alameda County Centennial Commission are given to the public.

Tickets for the dinner of the Trade Club of the Oakland Chamber of Commerce for Wednesday, June 24, at the Fair Grounds, may be purchased from Ellsworth. This dinner will honor the Alameda County Centennial, and Max Baer, former world's heavyweight champion, lately turned disc jockey, will be master of ceremonies.

The Newark Chamber, at their Tuesday night meeting, also instructed their delegates to use their own judgment when the joint secretary issue is brought up for decision at the June 22 meeting, after first polling themselves, and casting all three votes together.

The Newark Chamber voted to donate $100 to the Newark Recreation Center to help assure its operation during the summer months. Jack MacGregor announced the school grounds would be locked except when a supervisor is there to avoid damage to school property.

The land use and zoning committee, headed by Gordon Cotton, was instructed to deliver to the Planning Commission a statement on Newark's views. The Planning Commission met last night in a closed meeting to study zoning. The decision for Newark zoning will be handed down June 24.

Residents of Newark were asked to phone the PG&E or Louis Calderia at the Fire Department to report broken street lights.

Several builders stated they were having difficulty obtaining building permits because of the drainage problem. This problem will continue because Zone 5 was not approved in February, according to Joe Nuland.

Canton Atoll has a lagoon area of 20 square miles and a land area of 4.3 square miles.

Play School Graduates Six Young Students

Graduates are getting younger and younger! Six pupils of the Humpty-Dumpty Play School received diplomas last week, and all looked similar to college presidents in their caps and gowns. Ricki Loze of Centerville, Ralph Urban and Stephen Anderson of Niles, Gary Peters, Bobbie Ligon and Dean Witcraft of Newark are those who will go on to higher learning next fall.

A picnic at Flood Park followed the graduation, and a meeting to elect new officers was held. Mrs. Paul Melville of Centerville is the new president and her officers are Mrs. Douglass Carmody of Centerville, vice-president; Mrs. Paul Driggs, secretary, and Mrs. Gordon Marshall, treasurer.

The Humpty-Dumpty School was established last November as a part of the adult education program of the Washington Union High School. Sessions have been held at the Presbyterian Church.

Due to the departing "graduates," there will be vacancies for new pupils next September. The class is limited to 25 and mothers assist in supervising activities. Those interested may contact Mrs. Driggs at Centerville.

Home from Chicago

Returning last week from a trip to Chicago were Mr. and Mrs. Bruce Michael of Warm Springs.

Birthday Barbecue

A barbecue was held recently at the home of Mr. and Mrs. Phil Sousa in Centerville in honor of Anthony Avilla's birthday.

Bernardo Post VFW Auxiliary Initiates

Regular meeting of the Ladies Auxiliary to VFW Post No. 7445 was held at Niles Veterans Memorial Building and three new members were initiated: Mrs. Lenny Alter, Mrs. Louise Rothgeb and Mrs. Ruth Reath.

Delegates to the 33rd annual state encampment in Oakland June 21 to 24 are: Mrs. Violet Kleine, Mrs. Florence Porter and Mrs. Lena Calderia; and alternates are Mrs. Virginia Kearley, Mrs. M. J. Bernardo and Mrs. E. M. Stevenson.

Mrs. Janice Roethlin, chairman of the greetings committee, and her committee, Florence Porter, Virginia Kearley, Eva Mayer, Violet Kleine, Mary Bernardo and Lena Calderia, requested all members having flowers for June 21 contact Florence Porter, Centerville, before June 19.

Refreshments were served after the meeting, with Lena Calderia, refreshment chairman, presiding.

Engagement Party

Bob DeSalles of Cherry Lane, Niles, was host at his home Saturday night at a cocktail and dinner party announcing the engagement of his fraternity brother, Charles Sisney of Hayward to Betty George, daughter of Mr. and Mrs. Russell E. George of Castro Valley. No date has been set for the wedding. Both are attending school, she at Mills and Chuck at San Jose State.

Move to New Home

Mr. and Mrs. A. G. Luedecke moved this week from Niles to their new home in Irvington.

JACL Barbecue

The Southern Alameda County Japanese - American Citizens League will sponsor a barbecue at the Hidden Valley Ranch on Mission San Jose-Warm Springs Highway, to honor nisei graduates from local schools on June 20 from 7:30 p.m.

An evening of dancing, games and fun is planned, according to co-chairmen Jane Yamauchi and Setsu Umemoto.

Others serving on the committee are: Chuck and Kaz Shikano, general arrangements; Sumi Kato, entertainment; Aki Kato, invitations; June Handa and Saxie Yamanaka, refreshments. Tickets may be purchased from JACL members.

Attends Macabees

Mrs. Frank Fields, member of the Past Commanders Club of "The Macabees," attended the monthly meeting in San Leandro last week. Next monthly meeting will be held at the International Kitchen in July with the Niles Past Commander as hostess.

To Leave for Portland

Rev. Noel Glover, pastor of the First Baptist Church of Niles, and his family will leave for Portland, Oregon, on Sunday, June 21, to join with other Conservative Baptists from across the nation in annual meetings. They plan to return to Niles on June 30.

FLOWERS AND BUGS — Newark Grammar School youngsters portray blooms and winged pests in operetta, "In a Florist's Window," last week at the school. Lest to right (kneeling) are Junior Brannon and Wayne Pierce, while standing are three flower-girls: Louise Ann Richards, Donna Croop, and Susan Cottingham. (Ken Foster Photo)

School's Out For Local Students

Home from their studies at the Castelleja Schol for Girls in Palo Alto are Miss Virginia Zook of Warm Springs and Miss Diane Roeding of Niles.

Miss Anita Bailey, daughter of the Lloyd Baileys, is home from her junior year at the Katherine Branson School in Ross. Her brother, Norman, has just left for his six weeks' ROTC camp at Fort Lewis, Washington. He is a student at the University of California at Davis.

More good news for the Roedings is that their son, Gerry, is home again after finishing his two years in the Army. His brother, George Jr., is taking his six weeks ROTC in Georgia.

Tuesday Nuptials

Miss Sadie Martindale of Hayward became the bride of Mr. Norman Campbell of Niles Tuesday afternoon in the County Building in Centerville. Miss Naomi Ray was the bride's only attendant and Mr. Campbell's mother was his "best man."

Guild Luncheon

Mrs. Robert Blacow of Morrison Canyon Road, Niles, was hostess to the Guild members of the Congregational Church at a luncheon Wednesday.

Mrs. Freman in South

Mrs. Arthur Freeman and her daughter, Cynthia, left Tuesday for a two months' stay in Louisiana. They will visit relatives in New Orleans and Shreveport.

Oakland Visitor

Miss Mary Senn of Oakland spent Tuesday with Mrs. Phil Cousa of Centerville.

Monday Picnic

Mrs. Blake Hill was hostess to the Monday Club of San Jose at a picnic in the garden of her home in Centerville.

To Graduate

Ray Bettencourt of Centerville graduated Saturday from Santa Clara University. He majored in arts and science.

BOARD APPROVES FLOOD ZONE PLAN

The Alameda County Board of Supervisors, after a hearing at which no protests developed, late Thursday voted to proceed with the engineer's recommendations on Zone 6 flood control projects.

Zone 6 covers 43 square miles in the Mission San Jose, Irvington and Warm Springs area.

Approval by the board authorizes it to levy a tax rate in the zone in the 1953-54 fiscal year if necessary to cover the cost of projects. The authorization is on the basis of 40 cents per $100 assessed valuation.

The district is to have the opportunity of voting on a bond issue to cover the estimated capital cost of $1,743,000 of flood work. Tentative plans call for the election to be held sometime this fall. But the supervisors are empowered to call for a tax levy for inclusion by the start of the fiscal year July 1. Their action also gives them the right to work up a zone budget. If it is approved a method of financing is determined upon.

Although the decision has not yet been made, according to Herebrt Crowle, flood district engineer, the supervisors will probably levy the tax, since the bond election cannot be held before about October and the tax must be decided by July 1. If the bond election does not carry, a small amount of work will be done each year from the revenue on the tax on a 'pay as you go" basis.

SUZY SEZ...

It may take a while to get used to all the smooth shaven faces in and around Niles now that the Essanay celebration is over. Wives are again speaking to their husbands, and babies no longer scream at the sight of a hairy stranger with a voice like their father's. Oh, well, it was fun whiel it lasted, and every one connected with the project is to be congratulated.

* * * *

Only one more week-end (or pay day) until Centerville residents will have to have their mail boxes ready for delivery service in July. Here in Orchard Park there is an amazing variety of boxes, but no matter what type you have, be sure it's ready on time.

* * * *

I tried it, and it really works. To remove onion, garlic or other strong odors from your hands, crush a few sprigs of parsley in fingers and palms.

* * * *

When the electricity went off in this area a few weeks ago, it meant that many families got an extra hour of sleep. Perhaps it was the hour we lost when we started on daylight savings time.

* * * *

Have a spur-of-the-moment picnic tomorrow afternoon, in the back yard. The kids would love the usual lunch served on trays, or perhaps the "make your own sandwich" meal. Whatever you do, plan on one-third more food, as just being outdoors seems to increase the appetite.

* * * *

I have a batch of jam that came out "soupy" last year, and when I offered to re-cook it, I was met with howls of indignation, from the family, who love it on pancakes. Now they have requested that I make some more thin strawberry jam. This time, no doubt, it will "set"!

* * * *

It's true, you know; anything that is whispered or shouted is seldom worth listening to.

* * * *

With neighborhood children home during the day, you might do as a certain Orchard Park mother has done. She announced that when the front shade was drawn, the children were taking naps, and so is not bothered by ringing doorbells just as they get to sleep. Even the local "little stinker" cooperates, as there are frequent lemonade parties after nap time.

* * * *

If you don't have an oven with a pilot light, do as I do, and attach a piece of emery cloth with tape to the back of the stove, and use that to scratch matches rather than the stove itself.

* * * *

My spy reports he heard the following at a Township barber shop, said by a man getting a shave: "May I have a drink of water, I want to see if my neck leaks!"

* * * *

Remember, happiness is that peculiar sensation you have when you are too busy to be miserable!

Five Scholarships Awarded to Washington High School Graduates

Seven hundred dollars in cash was awarded to five graduates at the Washington Union High School last week.

Edgar Dawson of Niles received top honors with a $300 University of California Alumni Association scholarship which will go towards his premedical training at U.C.

Scholarships of $100 each were given to Richard Lee Arington of Centerville, from the Phoebe Hearst Council of Parents and Teachers; Robert Brazil of Warm Springs, from the Parent-Teacher Association of the high school; Marlene Roche of Newark, from the Niles Rotary Club; and Donna Lee Moore of Centerville, from the Centerville Lions Club. These students are planning to enroll next fall at either the University of California or San Jose State College.

Marlene Roche and Paul Thomsen of Irvington were student speakers.

Life memberships in the California Scholarship Federation were won by Piero Cerruti, Kiyoshi Katsumoto, Frank Richmond, Edgar Dawson and Gene Mayer. Dawson and Katsumoto were also winners of Bank of America achievement awards.

Certificates denoting perfect attendance during their entire four years of high school were given to Shirley Cunha, Marlene Dias, Margaret Nunes and Angie Peciado. Pete Coronado received an award for three years perfect attendance.

Robert Brazil has also won a $15 prize as a fourth place award in the Alameda County Centennial Commission's essay contest, announced last week. Two other high school students won two of the three $50 first-place awards in the contest. These were Novalene Scott of Centerville, a junior, and Sandra Bechtold of Niles, a sophomore.

A four-story subteranean garage is located under San Francisco's Union Square.

Hill Left $299,669

Appraisal value of $299,669 was filed last week for the estate of the late Alexander Blaky Hill Jr., 54, Alvarado rancher who died last year while skeet shooting in Fresno.

Real estate comprises the major portion of the property, of which all but an Alvarado ranch interest has been willed to his widow, Mrs. Dorothy Hill. A one-third interest in the Alvarado property, valued at $84,064 and shared with two brothers, is left to a daughter, Mrs. Julia H. Decker of Alvarado.

The will includes $115,674 interest in the Golden Eagle Milling company, Petaluma, left to Mrs. Hill.

The jobs that come in cans

The American Can Company hasn't yet worked out a practical container for packing jobs and economic security. We make cans—we do no canning.

But, by making *better* cans, we have actually created job opportunities in many different fields.

All kinds of things—foods and beverages, paints and varnishes, tobacco and tennis balls—keep better, are more convenient and easier to use when they are packed in the right kind of container.

So, markets for these products expand. Thousands of new, well-paid jobs open up, and incomes climb.

In fact, whole new businesses have been able to get started because a suitable can was developed to hold a product. You probably know of manufacturing plants right in California that owe their existence to the industry.

Creating new jobs is only one example of what America has accomplished in our free, competitive way of doing business. People working together, playing together and living together bring social and economic gains to all.

And such teamwork between our people and our business system promises greater prosperity and more jobs for our future.

No City Issue in Township Water; Got Start in Spring Valley 'War'

(Fourth in a series on the Coro study of Township incorporation, and the public agencies involved.)

By STUART NIXON

If Washington Township were to vote itself into Washington City, what effect would it have on water rates, or water service?

None, says the Coro Report. The Alameda County Water District, which supplies virtually all the Township except Niles and Decoto, and the rival Citizens Utilities Company, "will continue to function just as though incorporation not taken place."

Incorporation aside for the moment, the Coro survey brushed lightly over a facet of the Township which has a vital effect on each one of its inhabitants.

Except for Hillview Crest, which gets its water (and sewage disposal) direct from Hayward, the Township draws the stuff which keeps orchards, homes and lawns alive either from wells or from the Hetch-Hetchy system. This vast pipeline emerges from the hills north of Mission San Jose en route to its chief customer, San Francisco.

Water supply, according to the Coro researcher, isn't a major Township problem. Though wells are gradually receding, prospects for future water from Hetch-Hetchy or Central Valley are pronounced "good." Students of water problems may dispute the statement.

Background of the Township's water supply is helpful in understanding the disputed point. Township water was hard-won, is likely to prove a thorny problem in years to come.

Before 1913, Townshippers who needed water got it from wells, or from Alameda Creek. But even before this, wells were going dry at the old levels, and there was conflict over the creek water.

The villain was the Spring Valley Water Company, a private concern which had bought the creek's headwaters in 1868, and which had run pipes under the Bay to supply San Francisco with water at a fat profit. Buying up small water companies around Pleasanton and Sunol, the company soon was in a position to shut off all water to the Township.

Spring Valley's president was a testy old autocrat named Charles Webb Howard, who in 1899 informed downstream users:

"We are taking all of the water all of the time, and we intend to continue taking all of the water all of the time. We are not going to take any MORE water, as we have always taken ALL of the water."

Thus California's Commodore Vanderbilt served notice on the peasants. Some folks resented it. Mrs. Jane R. Clough of Niles, a downstream landowner, sued Spring Valley for her water rights. After a two-year trial, in 1904 the Superior Court ordered Spring Valley to give Washington Township its share of Alameda Creek water.

But the company still menaced the Township. A fighting editor of The Township Register, Chris Runckel, pointed it out in fiery editorials. Finally in 1913, a number of landowners banded together, paid in 5 cents an acre, and got Runckel to carry their fight to Sacramento.

Spring Valley was building the Calaveras Dam upstream, and Runckel had to work fast. The work, and Spring Valley's hostility, broke him financially, but in 1913 he pushed a bill through the Legislature enabling the ranchers to form a public, tax-supported district, first in California, to conserve the waters of Alameda Creek.

J. C. Shinn, first district chairman, forced Spring Valley to let the downstream owners have everything over 20,500,000 gallons a day that came down the creek. Computed by a complex formula, this entitles the Township to around a billion and a quarter gallons after an average season's rainfall.

Satisfied with its triumph, the district contented itself with watching Spring Valley until 1930, when a new menace appeared. Private companies were taking 8,000,000 gallons a day out of Alvarado through giant pumps. The district bought out the Alvarado distributing system for $290,000 to keep the area from being pumped dry. Says W. D. Patterson, an original director, now chairman of the district:

"That put us in the water distribution business."

The Newark water system went with Alvarado's, and says Patterson, after study and debate, "we decided to try and make them pay."

They paid, and in 1935 the Alameda County Water District, as it was called, purchased Centerville's underground pipes from the Dusterberry family and Manuel Pires; and the Irvington system from Hirsch Brothers.

The town water systems had been established in almost every case by plumbers or well-borers who, starting with a few homes, had later expanded the network to take in entire towns.

Meanwhile the Spring Valley system was taken over by the City of San Francisco, which had driven the Hetch-Hetchy pipeline through the hills. Patterson and his directors realized they needed help, so they contracted with San Francisco to get extra creek water impounded in reservoirs up the Canyon. They also (in 1942) took over the Mission San Jose and Irvington water works, and started supplying those towns with more costly Hetch-Hetchy water — "it was cheaper than running mains up there."

Most of the rest of the Township is supplied from three large wells —on Santos and Fremont Roads, and on Thornton Avenue near Newark.

This brings up another problem —control of salt water, and replenishment of the wells. So much water is taken out that salty water from the Bay starts to creep in, through the underground strata.

This, of course, reminds the district of its original purpose— the conservation of water. Niles and surrounding territory sits on an immense underground "cone" of gravel deposited by the creek throughout the centuries. Water going into this cone at Niles affects wells as far north as Bay Farm Island.

To keep the area supplied with water, and to prevent the salt from creeping inland, therefore, the district assumed the function of "percolating" water back into the ground, chiefly through the abandoned gravel pits around Niles.

This unseen service, plus the cost of installing new pipe and replacing old pipe, the district pays by imposing a tax (26 cents per $100 this year) on Township property owners. On top of this, it charges for its water at the rate of 30 cents per 750 gallons for homes, 16½ cents for large industrial users.

This double levy has the effect or irritating some homeowners. Especially so, since they see homes in Niles and Decoto, where the holdout Citizens Utilities is operating, pay a lesser rate. Patterson answers this with the assertion:

"They are giving their customers our water which we put back into the ground!"

However, Patterson acknowledges the dual function of conservation and distribution is confusing. Accordingly last fall the district acted to divorce the two functions, at least in accounting, so that taxpayers can see what portion of their dollar goes for percolation and what portion for distributing water.

A forecast of what may come if a county flood control zone is voted here is given by Patterson, whose father started one of the Township's largest ranches in 1852:

"Eventually the flood control district ought to take over the conservation aspect, and the water district should concentrate on just serving homes and industries."

(Next week: The School Districts.)

Train Victim Dies

A middle-aged man, apparently the victim of a train accident in Irvington, died last Thursday in an Oakland hospital as a result of his injuries.

Before he died, he awoke from a coma long enough to tell hospital employees his name was Jack O'Malley. There were no known witnesses to the accident, on the Western Pacific tracks.

O'Malley is not known in Irvington, officers said.

YOU'RE WRONG—Ann Hart is near the water, all right, but she didn't hang her clothes on a hickory limb before coming down to the sea. Ann, who is spending the winter in St. Petersburg, Fla., is wearing a bathing suit behind that towel. Only old barnacles, such as the ones on the post she's leaning against, could fail to take a second look when Ann goes by.

To March Field

Airman First Class Elias J. Novo, son of Mr. and Mrs. John Novo, RFD Box 203, Newark, has been assigned to the 33rd Communications Squadron which is attached to Headquarters Fifteenth Air Force, March Air Force Base, California. He will work as a teletype operator.

Airman Novo completed Washington High School at Centerville in 1951. He enlisted in the United States Air Force in September, 1951, and since has completed teletype operators school at Francis E. Warren AFB, Wyo. Shortly after his training he was assigned duty overseas with the Far East Air Forces where he has served the past 12 months. He wears the Korean Service Medal.

The Folger Shakespeare Library in Washington, D. C., has the largest collection of books in English printed before 1640 in the Western Hemisphere.

HOW ABOUT IT?

Waxing lyrical over the doors opened by Niles' Essanay Day, we left no room for comment on another project which may bear fine fruit too, one day. That was the Township Historical Society's fascinating exhibit of local relics and mementoes, held the day before the Essanay fete, at Washington High School.

Seeing these precious items all displayed at once makes you think what an asset to our community they are, and how fitting it would be to have a permanent place where they could be displayed for everyone to see.

From the past, we learn about the future, school teachers tell us. From a modest museum where the Township's history would be graphically displayed, our children, their children—and ourselves as well—could draw strength and inspiration.

WHAT PRICE A CHAMBER OF COMMERCE?

In the course of our newsgathering duties, we get to as many Chamber of Commerce meetings as anyone in the Township. That's why we want to comment on the squabble over whether the Washington Township Chamber ought to share a part-time secretary with Supervisor Stanley.

Unlike many of those who have sounded off on this subject, we don't believe the joint-secretary issue is the important one. There is another, broader one, which takes in the secretary's job, and also a whole field beyond it. This is the issue of how strong the Township Chamber should be.

When the overall Chamber was established back in early 1950, its founders recognized that a central organization was needed to (1) attract business and industry here and (2) to provide a united voice on Township-wide problems.

The Supervisors recognized the need too, and they budgeted $1800 a year to help the chamber get started. Local chambers of commerce were supposed to provide funds to give it increasing support.

But here is where the picture got blurred. The local chambers—all eight of them—only contribute a total of $630 a year to the central group. This means a total budget of $2430, including the $1800 from the county. As a result, the effectiveness of the Township Chamber has been sharply limited, at a time when it is needed most. Hundreds of California communities are competing fiercely for Eastern factories which are flowing Westward. Under the present setup, Washington Township can't even afford an office to give information to industrial "scouts" if they do come here, let alone send out the experienced salesman necessary to convince the magnates.

The present paid secretary-manager wants to quit. Another representative must be hired. Frustrated by the small budget, some chamber officers want to replace him with a stenographer-receptionist, whose job would be simply to provide information to those who come seeking it. Mr. Stanley kindly offered the use of his office here, and suggested that this girl might be the same one he intends to hire, part-time.

Mr. Stanley may be excused for being startled at the row his offer started. Aside from that, however, we believe any decision to curtail outside solicitation of industry, meager though that selling job may appear now, is a step in the wrong direction. With the Ford plant going up on our doorstep, how much more profitable wouldn't it be to hire a part-time office girl—whether in cooperation with the Supervisor or not—and also to employ an outside salesman?

Of course, that would require more money, because you can't hire anyone worthwhile, and pay his necessary expenses, on what would be left out of $2430 after the stenographer's salary was taken out.

This is the choice: either the individual chambers voluntarily raise their contributions, or the whole Township Chamber program defaults, and the Township Chamber reverts to the status of a debating society, where any contribution is wasted.

The latter course seems penny-wise and pound-foolish. The local chambers ought to go after the industries that already are here, get them to raise the ante, convince them that new factories will spread the tax load. They ought to get broader participation from their own communities. Then, with money for an expanded, more aggressive Township program, town chambers should demand and expect results from their parent organization.

News of Township Churches

CHRISTIAN SCIENCE CHURCH

The subject of the Christian Science Lesson-Sermon for Sunday, June 21, will be one of especial interest at the present time, namely, "Is the Universe, Including Man, Evolved by Atomic Force?"

From the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following correlative passage will also be read:

"Beholding the infinite tasks of truth, we pause, — wait on God. Then we push onward, until boundless thought walks enraptured, and conception unconfined is winged to reach the divine glory." (p. 323).

PRESBYTERIAN CHURCH

Last Thursday, Senior Day at the high school, a union baccalaureate service for the Protestant graduates of the high school was held at 8 a.m. The Rev. Riley Kaufman, pastor of the Newark Assembly of God, preached.

Last Sunday Rev. Paul Focht, former pastor of the Niles Congregational church, was a guest preacher.

ASSEMBLY OF GOD
Newark

"Father's Day" will be the theme of the services Sunday, June 21, at the Newark Assembly. Sunday School at 9:45 a.m.

Guest speaker in the morning service at 11 will be Rev. Nels Mattson, former pastor of the Castro Valley Assembly of God, which he pioneered, erecting the present fine building. "Man with a Message" is the subject of Pastor Riley Kaufman for the evening Father's Day service in the Assembly at 7:30.

A Junior Church service, conducted especially for grade school children, is held each Sunday morning at 11, simultaneously with the adult service, and the "Good News Hour" radio broadcasts, originating at the pipe organ of the Assembly each Monday, Wednesday and Friday morning at 7:35 on Radio KEEN, 1370 kc.

MYSTERY MAN WAS SPARRING MATE

Yes, baseball-playing Harold Faria was our mystery man last week. This time the subject is a sportsman too, but somewhat less active. If you know him, you'll guess quickly. If you don't, maybe you'll find the answer hidden inside the paper.

He was born in 1880, "behind Mission Peak," where his dad farmed one of the famous Moore ranches.

Baptised in the Mission, he lived for a time in Niles and Newark. When he was six his mother died. His father remarried a Sausalito woman, and the family moved there. But he was back in the Township before long.

As a boy, he worked for 60 cents a day at farm jobs here. Then he moved to the fertile Delta farmlands near Tracy.

CONGREGATIONAL CHURCH
Niles

Rev. C. W. Kirkpatrick, pastor of the Ripon Congregational Church, has accepted a call to the Niles Congregational Church and is expected to arrive in Niles with his family about the first of August.

The Rev. Kirkpatrick succeeds Rev. Paul Focht, pastor here for the past three and a half years, who resigned for a year's postgraduate study.

Guest speaker for the remainder of June will be Rev. Stewart Wabster, former pastor of the Mira Vista Congregational Church at El Cerrito. The church's annual vacation will be observed during the month of July.

PRESBYTERIAN CHURCH
Newark

A guest pastor, Ronald Tapp, will officiate at the 11 o'clock service Sunday, June 21. A nursery is provided for the convenience of parents of babies and small children.

Sunday School is at 9:45 a.m; Youth Fellowship, 6:30 p.m.

Men's Council will meet Wednesday, June 24, at 8 p.m.

Choir practice at 7 p.m. Thursday under the leadership of R. O. Grace. Bible Study at 8 p.m. Thursday under the leadership of Cline Hayward.

In Tracy, a town noted for its rugged life, our youth first learned to use his fists with scientific skill.

He picked up another profession, too, one he still follows. But it was boxing that brought him some of his life's most interesting experiences.

While working in San Francisco, he tells you, he was ordered to the country again by his doctor. He struck out for Lake County, fell by chance into the camp of World's Heavyweight Champion Tommy Burns. Burns, a full-bloded Indian, was training for a bout with the Australian champ.

Our man worked his way into the big Burns' confidence, and used to spar with him to develop speed for the champion, since our man was lighter and quicker.

"You knock that Aussie out in half a round or Ill knock you out—with a club," Mr. Mystery says he told his famous pal. Burns complied a few weeks later in San Francisco. The following year he was tagged in turn by Jack Johnson, but by then our man was back at his steady work.

He returned to Niles about 1909, married a girl whose father owned the land where the post office now stands. They have one son, now living in Newark.

Our subject remembers well the Essanay characters here, especially the boxers. "Most of 'em trained on beer," he snorts. Charlie Chaplin he recalls as standoffish, friendly only with a town character named Joe Freezeout, who he says used to supply the star with wine.

Broncho Billy Anderson and his henchmen frequented his place of business, and he remembers Anderson criticizing a film beauty as being too slow of foot for his taste.

Our man is still in business on Main Street, has many fine opportunities to recount his memories to listeners.

Guess Who?

PUBLISHER ELECTED

Stuart Nixon, publisher of the Township Register, was elected vice-president of the Alameda County chapter of the California Newspaper Publishers' Association at a meeting last week in the International Kitchen. President is Ralph Frankis of the Berkeley Gazette, and secretary is Walter Brown of the Oakland Tribune.

NEWARK REZONING DECISION JUNE 24

Revamping of zoning in and around Newark will be announced June 24, the Alameda County Planning Commission decided last week after a final public hearing.

The three-hour hearing brought 30 Newarkers to Oakland and produced:

1. Another Chamber of Commerce rebuff to Promoter Arthur Beal who seeks to establish a $3,000,000 shopping center on Thornton Avenue.

2. A muddled situation with respect to industrial zoning requested by the Southern Pacific Railway along Cherry Avenue.

Beal again asked for commercial rezoning of a 25-acre site he has optioned. But chamber representatives, headed by Paul Gygax, presented a counter-petition, asking that the commission go ahead with plans its staff made for an enlarged commercial district uptown.

Only Mrs. William Nunes backed Beal's petition vocally. He claims almost 600 signatures favoring a "shopping center."

The Southern Pacific request has chamber backing, but several commissioners hinted they want the railroad to agree to broader setbacks on Cherry Avenue before they will acquiesce.

The commission met yesterday once more to consider rezoning of the entire Newark area.

Approved were two tracts totaling 235 homes. One is for 77 lots near James Avenue in Irvington, presented by Stanley Davis. The other, for 158 lots, will be located where the Eastshore Freeway crosses Thornton Avenue.

San Francisco is headquarters for the world's largest bank.
